[parent\\_page\\_gamesrpg](#) **Thief:** John Todd, 15 years old (Dante Raylon) John, young, nice, polite well brought up and a kleptomaniac. His parents are ex corporates in exile who have been hiding in this slum for the last 5 years after being too honest. They make a Ok living doing financial, legal and net stuff for people Has been as well brought up and educated as you can in slum night city. Likes excitement and thrills and stealing stuff. He Prefers big heists etc but finds himself stealing little stuff. Tries not to nick from his mates and returns stuff when he does. Is just a keen 15 year old surprisingly up and enthusiastic just has a little problem nicking things. Probably stemming from a yearning for his more opulent toddler years. Also has a hidden desire to revenge his parents. Loves, trusts and respects the others as only a 15 year old can. The rest of the gang has been teaching him how to look after himself on the streets while he has studying up on electronic security skills. He is really enjoying being in this game. His parents flat is high in the building and well secured with hidden cameras locks & alarms etc. Both John and his parents original lifeGÇÖs are well documented but their current lives are very well crafted fake Ids.
