

Laird Dougall McTavish

A short discourse on him.

The Laird Dougall McTavish was born to a large sprawling Highland clan. He cut his teeth fighting the English in border disputes, where he learnt the fine art of biting of ears. In later years, he came into his inheritance, a fine Scottish Castle, from which he continues to stage raid on the English (and Welsh, Irish, Scandanavians, and occasionally, Fijians.)

He met the Duke during the great Haggis stampede of '08, where they fought back to back against the giant and savage Haggis of Sumatra. His hobbies include drinking, wenching, fighting, hunting, and philosophy. — [Robbie Matthews](#) 15/07/2005 13:48
