Episodic plots in general, with the occasional 2 or 3 parter - and overall season arc and climax in the last or second last episode (if the later, then a denouement episode in next with consequences) is my thinking. Character development is preferable - but it does mean the episodes would likely need to be listened to in sequential order without missing any — [Peter Cobcroft](#) 2012/09/12 14:24

## From Meeting 7/12/12

First ep should be a parody of known tropes and possibly introduce the season big bad — [Peter Cobcroft](#) 2012/12/11 14:25
