

Ejak Nicholson's Stuff

Created by Ejak Nicholson

Betafort

- [Betafort](#) Ship (Word doc) 1mb

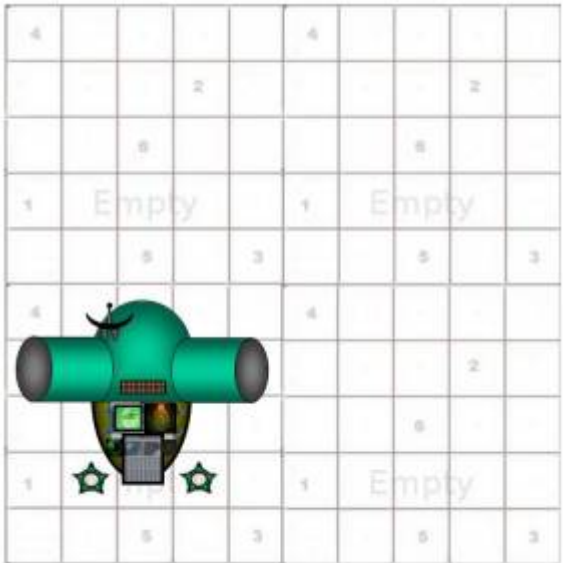

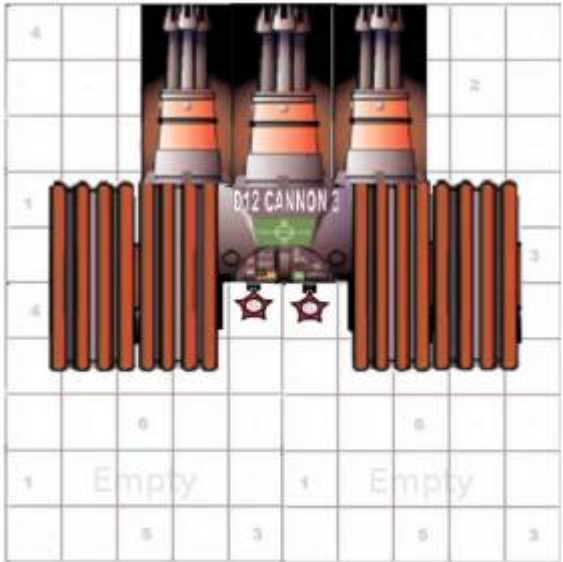

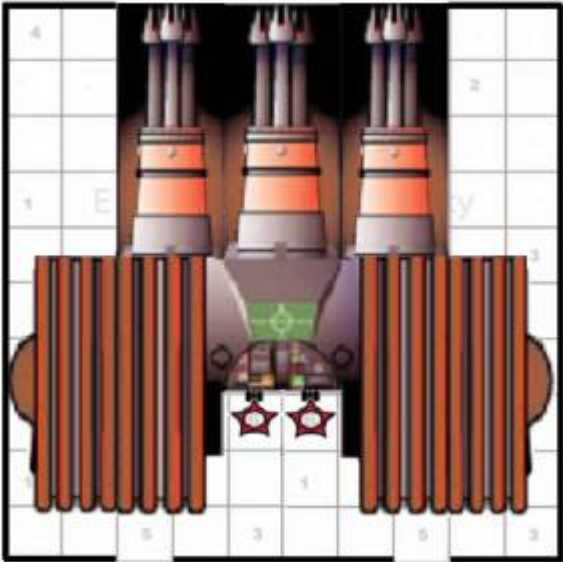

Modules

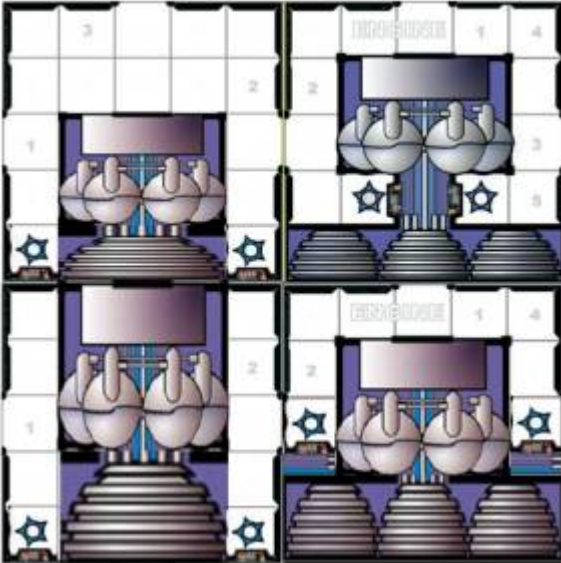

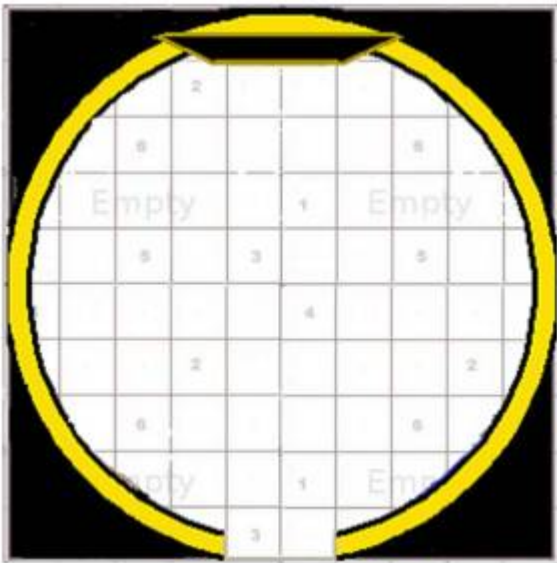

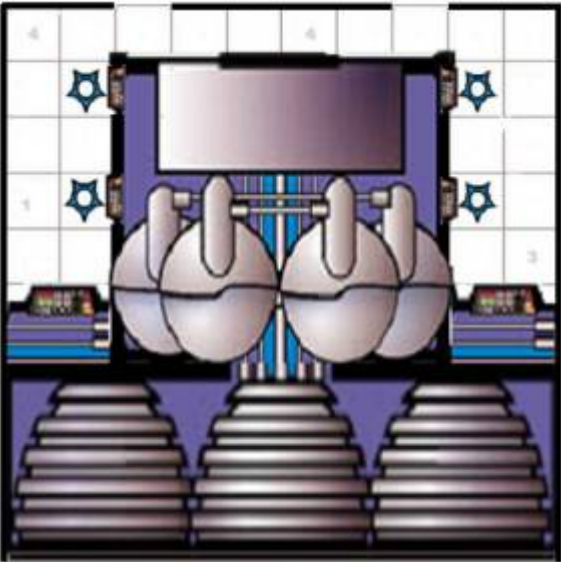

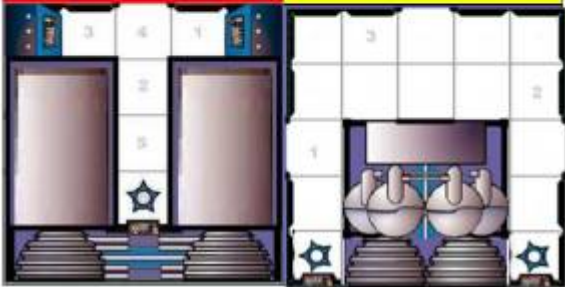

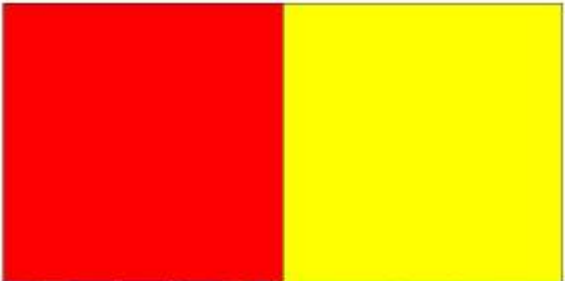

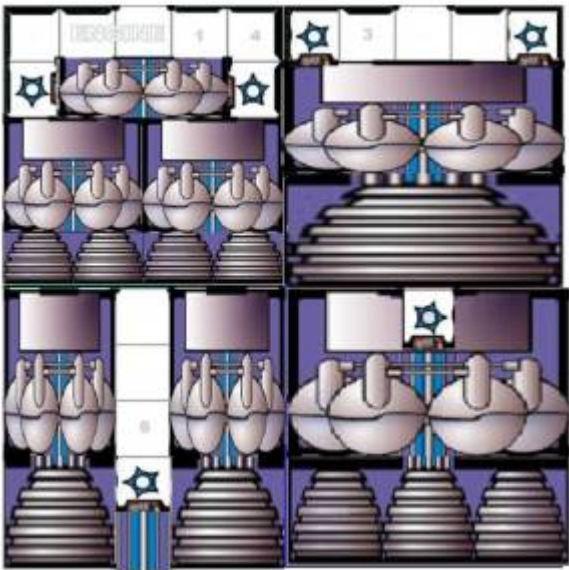

ries, for a "small fee" the maintenance workers at the ship yards on Jit can install in the latest quick connection s (ENG 10 Check) and your ship is back in one piece. And with another ENG Check 10 yearback split again.

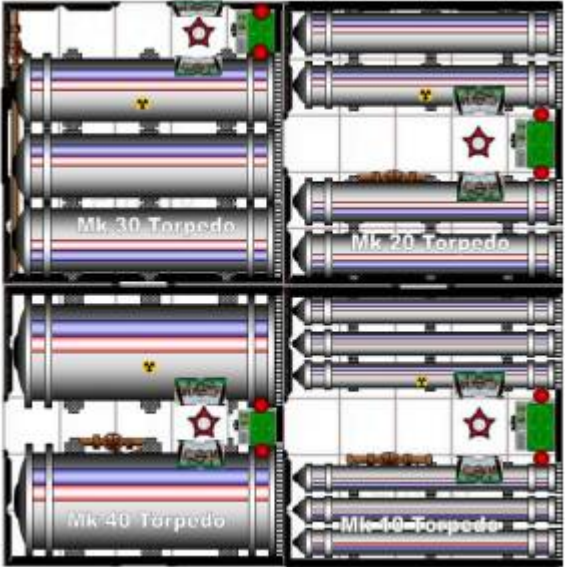

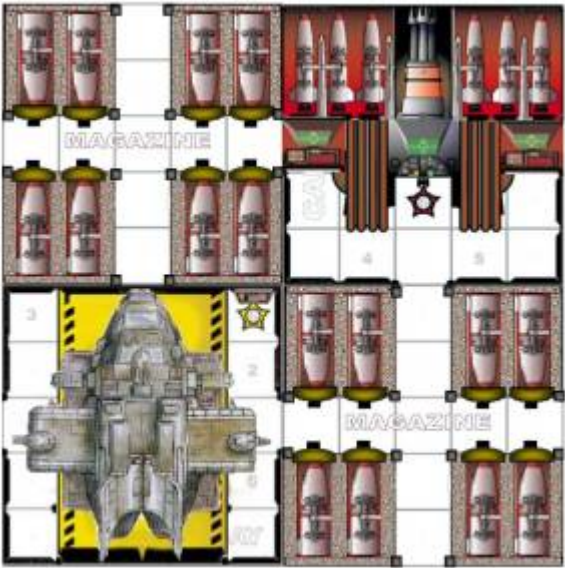

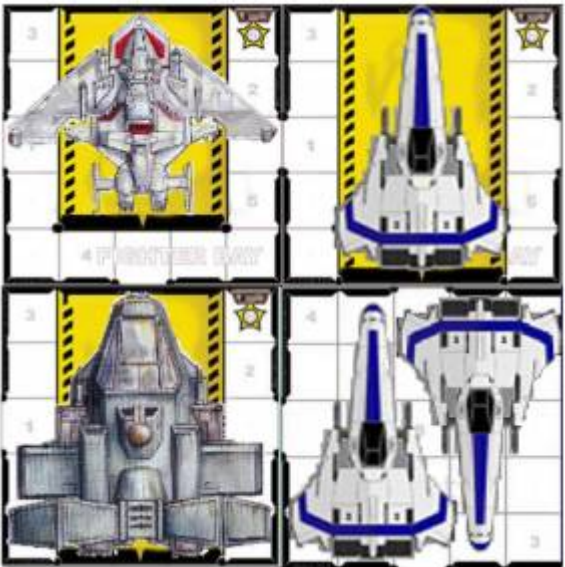

Connector clamping counters (1000 CR each)
one permanently in two opposing directions along the line of the split (and declare the split line):

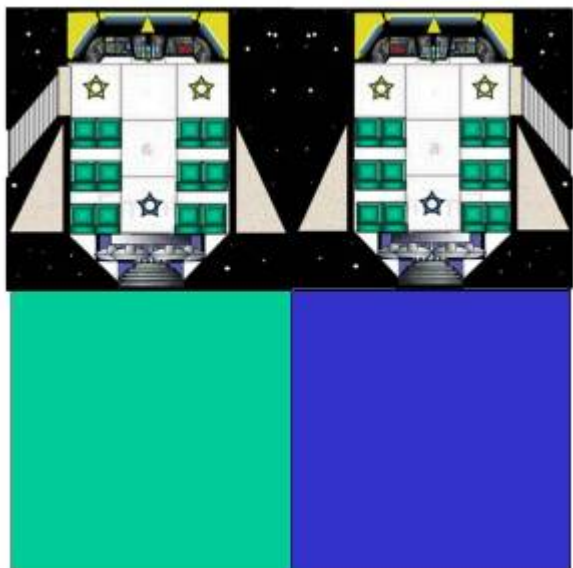

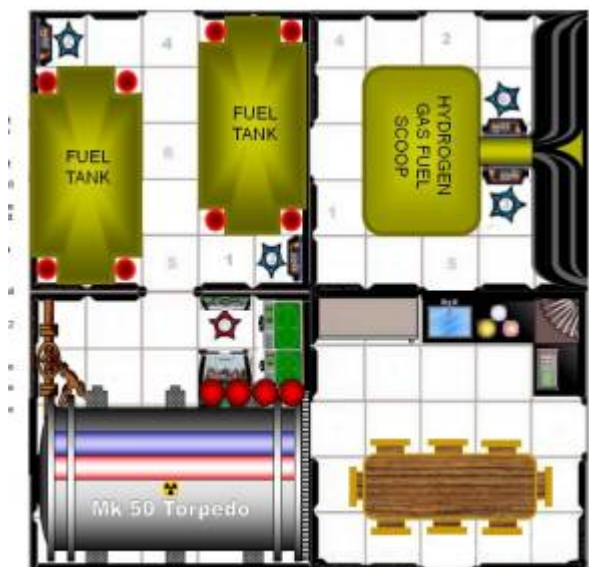

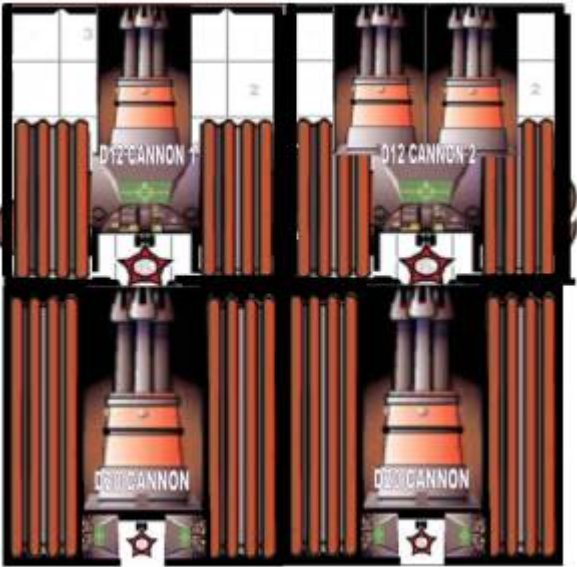

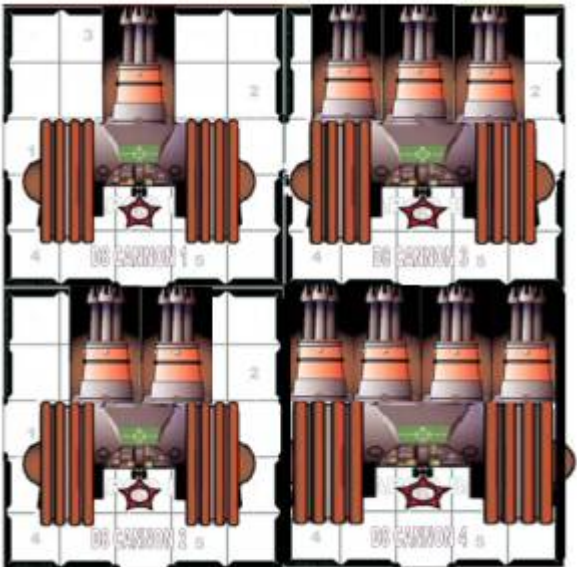

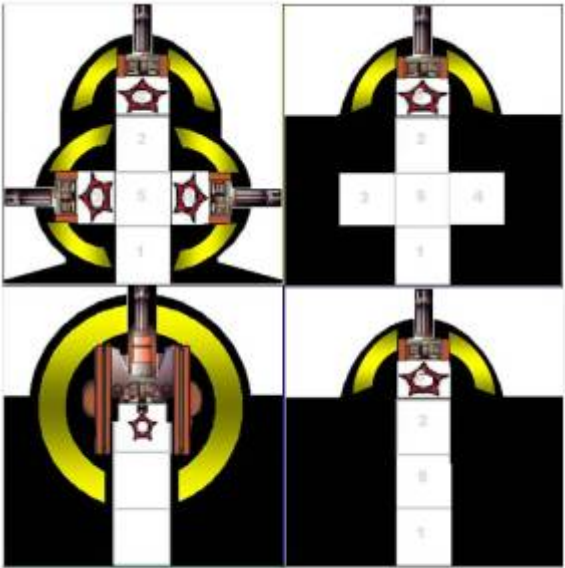

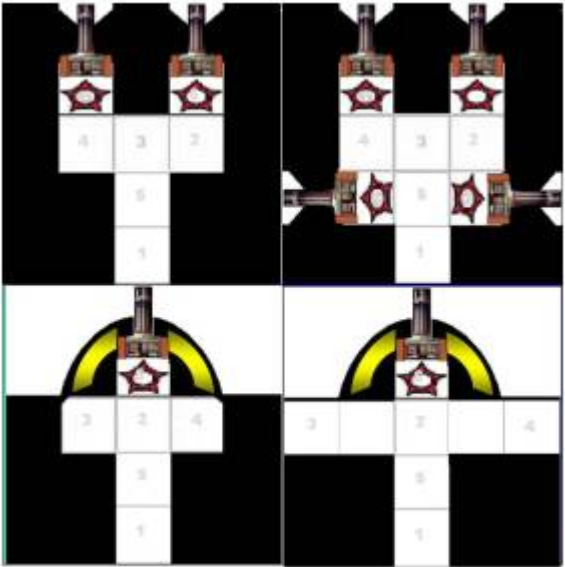

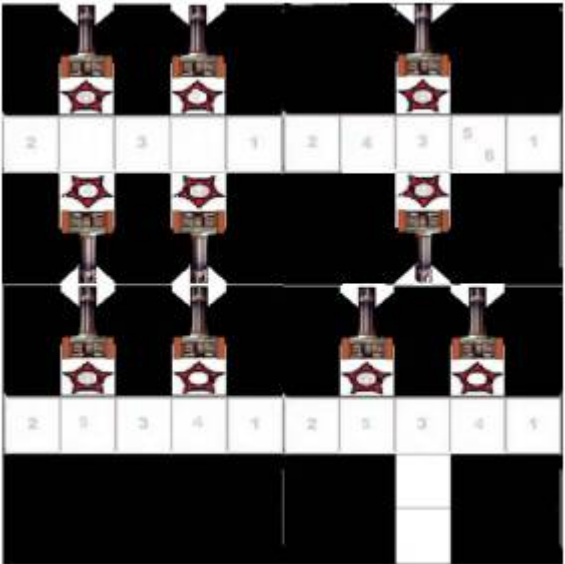

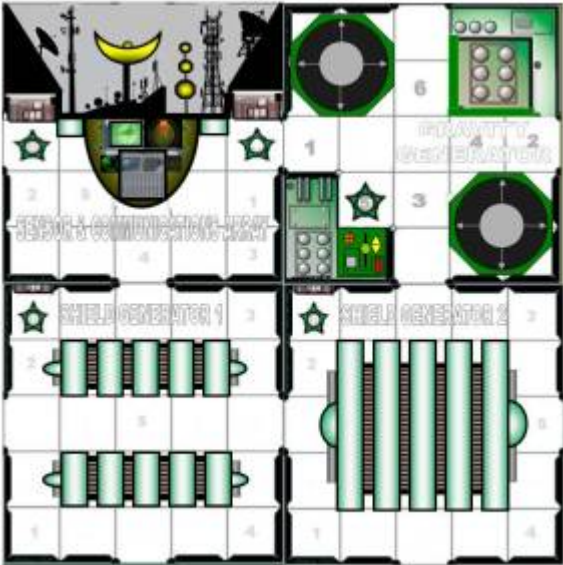

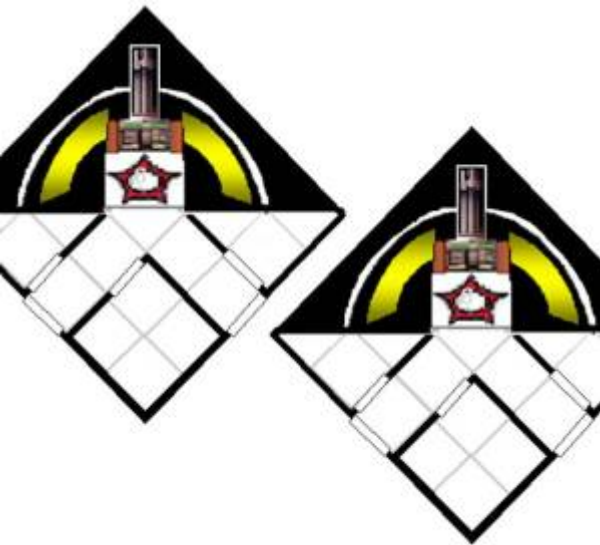

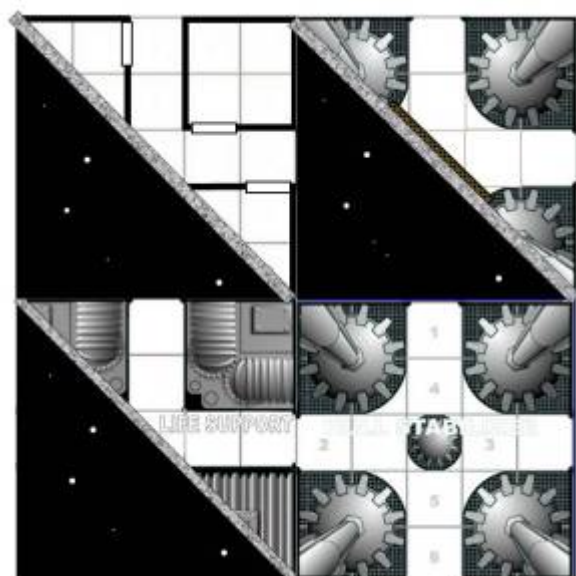

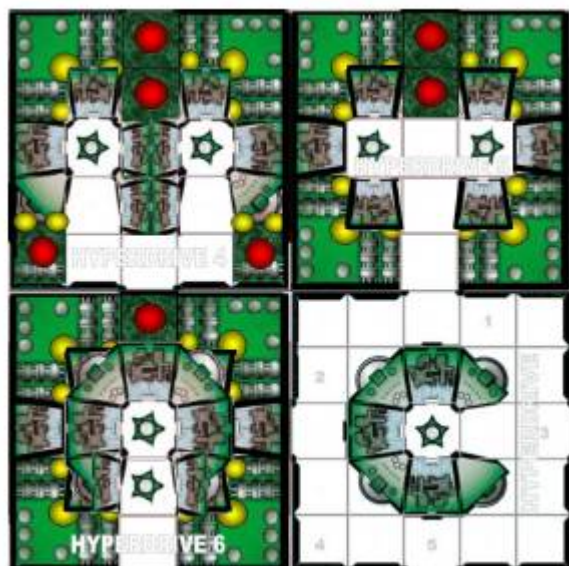

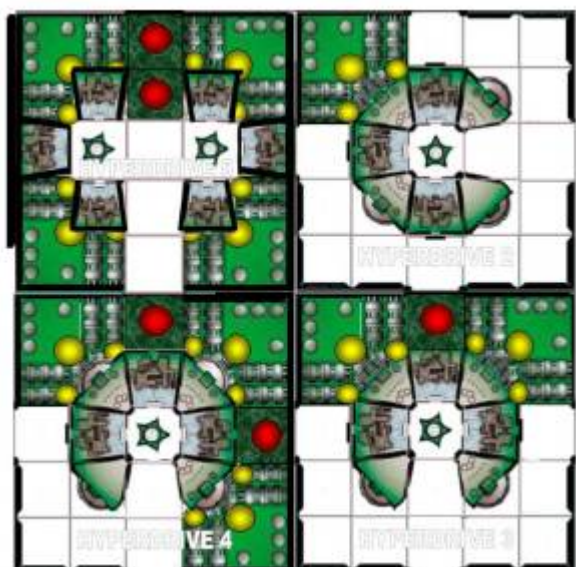

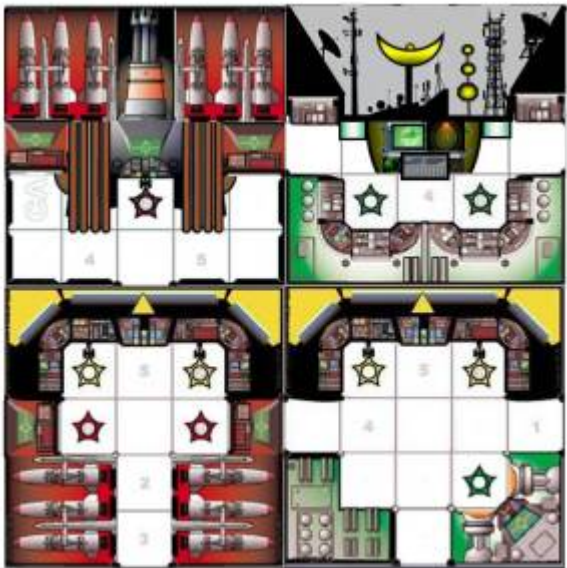

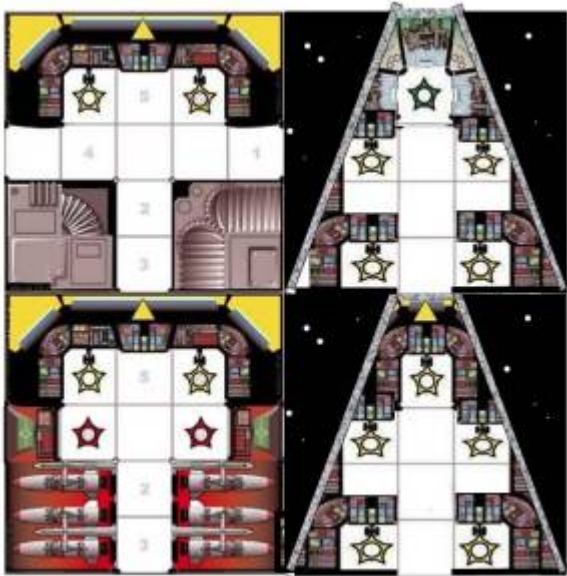

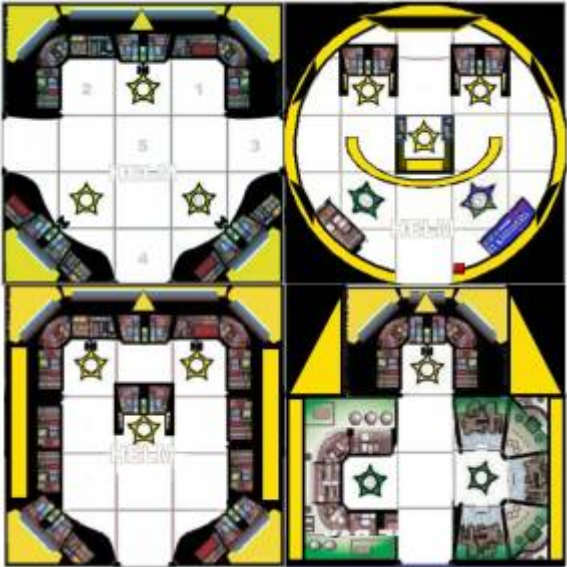

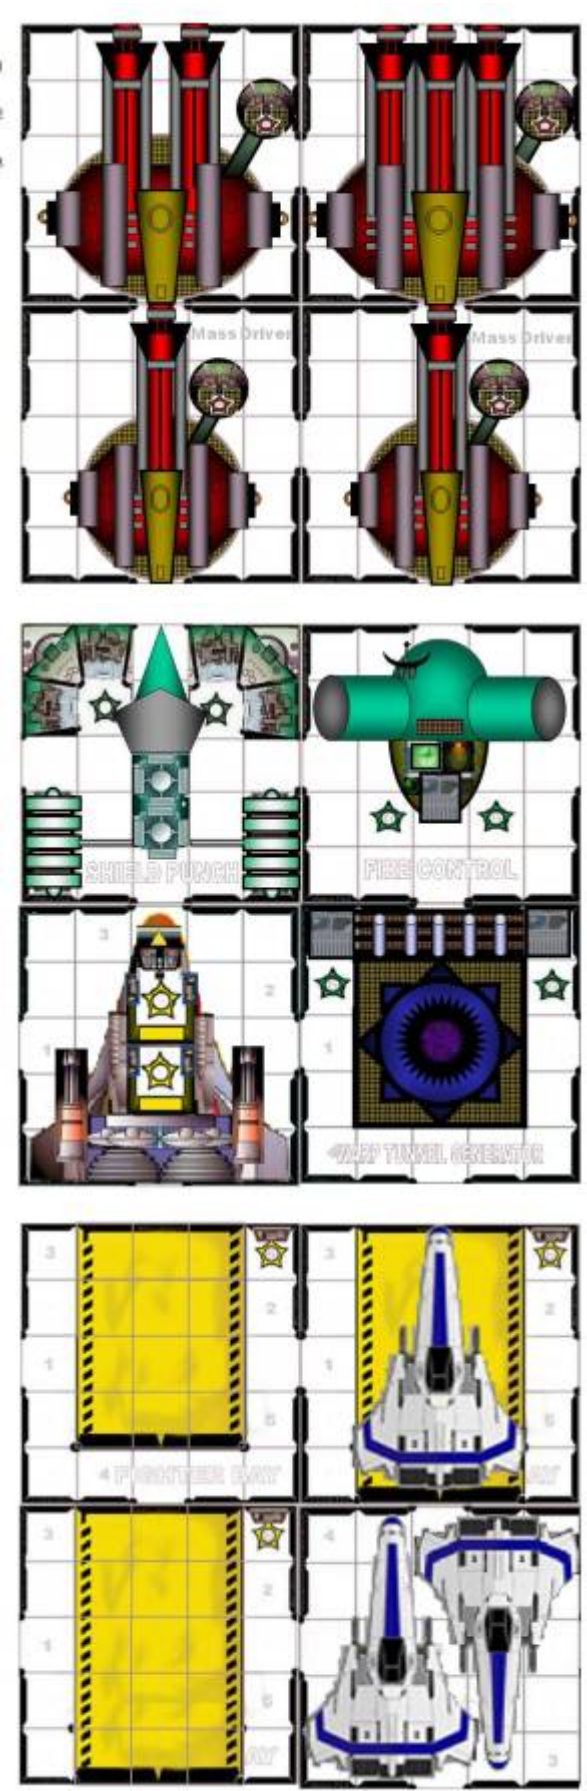

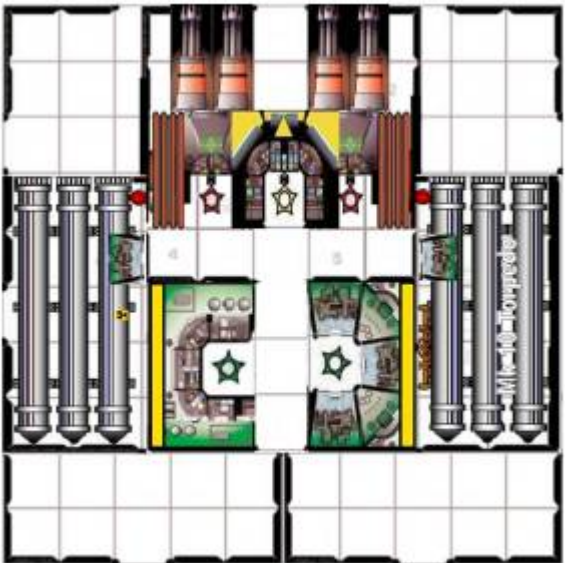

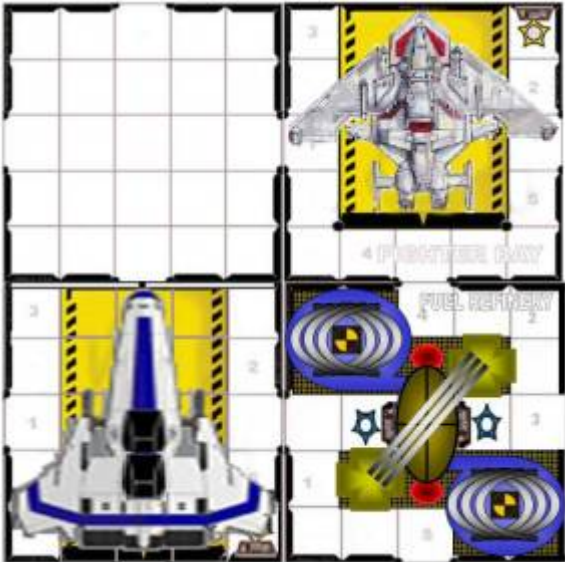

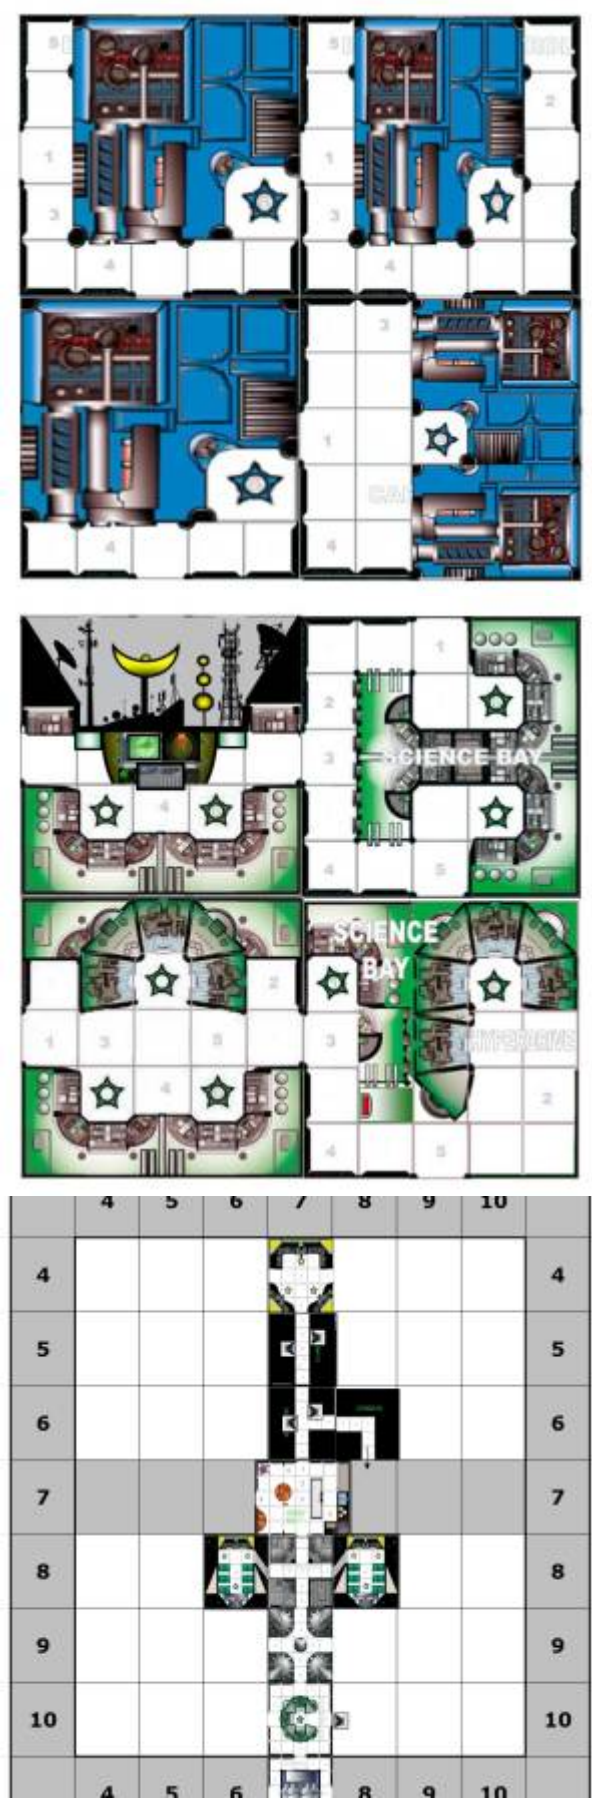

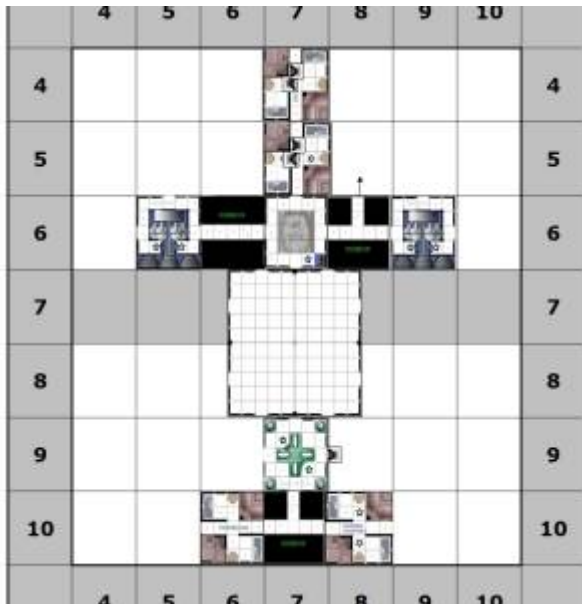

Serenity

- [Level 1](#) (Excel spreadsheet) 3mb
- [Level 2](#) (Excel spreadsheet) 2mb
