

# The Mirror

By Susano ([original post](#))

This dusty oval mirror is set into an ornate frame. It is in an odd corner of the lobby or hotel bar/cafe (any spot that doesn't get much traffic). Most of the time it reflects the world around it, but occasionally, depending on certain factors (time of day, weather, phases of the moon), it shows something else. Other times (but still of the lobby), alternate times (ditto), or alternate worlds (ditto). Normally it seems to show the past, but at least one report seems to indicate a possible future.
