

# Let Me Check Lady

By Supreme Serpent ([original post](#))

Thin older woman (70's+?) with large glasses and a small dog (like a tiny poodle) that she carries around. Whenever asked a question, will glance at the dog before answering. In her room, she normally does not carry the dog, but will still glance at the dog before answering. If she cannot see the dog (mean PC's hide it, for example) she will apparently unerringly glance in whatever direction the dog is in, even if she had no way of knowing. If she cannot see the dog she is more agitated than normal.
