

Mr. Cammino

By Trencher ([original post](#))

He is a fairly normal looking guy with black hair and average build, his eyes are a little intense perhaps but that is all. He always wears black crumpled suits and most often carries a briefcase. He does not talk to anyone if he does not have to. He always walks never use car or bus. If the pc's is out in the more rundown places in the city they might see him enter a condemned building but no matter how long they wait they will not see him come out. When he returns to the hotel he does not have the briefcase with him. If someone manage to get a look into his suitcase they will see that it is filled completely up with claw hammers of different shapes and sizes.
