

Mr. Invisible

By Korvar ([original post](#) and [followup](#))

An apparently normal late-20-something guy, generally smart-but-casual. Nice, but not too pushy.

None of the hotel staff acknowledge his presence in the slightest.

Other guests talk to him, but the staff never do. Maids will come in to clean while he's right there. If they catch you talking to him, they give you that look that says that they're way too polite to ask why you're talking to yourself.

Strangely, the other guests don't seem to notice this. More specifically they don't notice the staff not reacting to Mr. Invisible. Other guests won't see anything odd about or around Mr. Invisible at all.
