

The Other Elevator Passenger

By Narratio ([original post](#))

Tallish, thinish, late 50's, worn down looking. Nondescript brown suit and fedora, circa 1950. Batter brown brief case in one hand, a folded newspaper under one arm. Always looking at his wristwatch, a 1948 Timex and softly sighing. Never speaks, just shrugs. He's always in the elevator when you get in and always there when you get out.

Oddly, the newspaper headline is for October 1955 and declares jst one word, "Sputnik". He's had a really long day.
