

The Vampire

By War Cry ([original post](#))

Never seen during the day. Sickly white complexion. Has an androgenous appearance which makes his/her gender extremely difficult to determine. Can always be found in the hotel bar between the hours of 1 and 3am, flirting with good looking men and women, trying to get someone to go back to his/here hotel room for the night. Is it a LARPer stuck in la la land? Is it someone with a rare and terrible disease who really is allergic to the light of the sun? Or are you its next meal?
