

# Nick Nitrous, Galaxy Ranger

When Nitrous joined up as a young man, he was determined to see the universe and live by the Galaxy Ranger motto;

*“Go where others will never go,  
See what others will never see,  
Do what others will never do”*

His first positing sent him to places where no-one should ever go, and the rest soon followed naturally.

Nitrous is an expert pilot, a quick thinker, and a quicker runner. His innate talent for discretion has allowed him to become one of the few veterans of the GR. As a long time ranger, Nitrous has been a mentor to many a rookie GR, several of whom survived the experience.

He may not look like the ideal Galaxy Ranger shown in the recruitment vids; his blue ship suit is well worn, the silver fin on his space helmet no longer shiny, but Nitrous has been to the far reaches of civilised space and beyond.
