Eight and the Lost World

Rescued from slavers, Eight is caught up in a space pirate attack. Escaping in a pod, she finds herself on a strange and unknown world - where she comes across the mysterious Crystal Crown in the ruins.

- The world is Omicron Persei 8, fallen Imperium world and birthplace of Jon Hector.
- On the run from the low and going to ground on lost world OP8, Dirk Richter falls in with Eight and assists her on her adventures.
