## Points Cost

The game does not include points costs for figures, as it is scenario based and these scenarios have been heavily playtested for balance. That being said, a number of players have expressed a wish to have point costs as guidelines for creating their own scenarios. To this end I believe that the scenarios can be broken down into formulas and the ratios for the forces involved worked out, and therefore their point costs.

## Scenario Formulas

### Main Rulebook (2nd Edition)

- **Defend Snowcap Base!**

- (Doctor + 2 Companions + Brigadier + Scientist + 10 UNIT soldiers + 2 UNIT soldier Sergeants) \* Defended Base = (12 CyberMondasian Cybermen + 12 CyberMondasian Cybermen Reserves) \* Weather Effects — Thanks [sthielt](#)

- **A Tangled Web**

- Doctor + Companion + Brigadier + 6 UNIT soldiers + Professor Travers = (4 Yeti + Territory Denial Weapons + Traitor) \* Terrain
