Combat

- **Flurry of Blows** - selective area effect attack defined as swinging their spear by one end or a flurry of blows.
- **Unhittable Dodge**
- **Toughness** - a type of combat luck, unlike combat luck you always take the first point of damage, but it always works: the character gains a movie-hero style wound which bleeds and is - in theory - serious, but which doesn't incapacitate them

Movement

- **Climb Anything**
- **Mighty Salmon Leap**
